Ken Yazel
TULSA COUNTY ASSESSOR

Property lines are defined from existing tax maps and other public records. The property data was produced at a scale of 1" = 100' and is intended to support the inventory of real property. Colored data should not be interpreted as actual field survey data. All maps and data were produced using the Assessment Office Geographic Information System (GIS). These maps are for the purposes only and are not intended for use in making comparisons or for preparing legal descriptions of property.
